

**REPORT OF
ADVISORY COMMITTEE
and
1960 TOWN WARRANT
AND RECOMMENDATIONS**

Southborough, Massachusetts

Annual Town Meeting, March 14, 1960

Bring this Report to the Town Meeting for Reference

Report of the Advisory Committee

TO THE VOTERS OF THE TOWN OF SOUTHBORO

The recommended total budget (\$629,877.02) plus the total recommended warrant articles (\$72,136.36) brings the total warrant to a recommended figure of \$702,013.38 which compares with the recommended figure of \$669,217.54 for the year 1959. This is an increase of \$32,795.84 over last year.

The amount of available funds or "free cash" as of January 1, 1960 as certified by the Director of Accounts is \$90,685.12. This compares with the 1959 "Free Cash" figure of \$150,885.74.

The Advisory Board wishes to call particular attention to four warrant articles and the recommendations which have been made thereon:

Articles 29 and 30

The Board feels that the town should adequately prepare itself in accord with whatever is decreed as necessary for Civilian Defense by the Federal Government. The sums of money called for, however, are substantial and the recommendation is made therefore that a committee be appointed by the Moderator to study whether the intent of these articles might not be fully accomplished with a lesser cash expenditure and to report thereon at the next town meeting.

Article 36

On this article dealing with proposed action as to the Peters High School building the Board does not feel that it is in a position to make a recommendation. A committee was appointed at last year's Annual Meeting to make

a study of this situation and report thereon at this Town Meeting. This report will be made on the Town House floor and if it is favorably received a recommendation as to a specific amount of money to carry this out will be made.

ARTICLE 60. The Advisory Board does not feel that it is within its province to advise as to whether or not the town adopts a Master Plan as proposed. If affirmative action is taken it is recommended that the Planning Board be directed to investigate and recommend at the next Town Meeting as now to best put into effect such a plan.

On the following pages will be found an outline of all Budget Items along with our recommendations, and also the Town Warrant.

Respectfully submitted,
Dr. Edwin A. Meserve, Chm.
Edward L. Kehew, Secy.

ANNUAL TOWN MEETING — MARCH 14, 1960

At the Annual Town Meeting duly called and held in the Town Hall, Southborough on March 14, 1960 at 7 o'clock, the following Articles were voted upon in legal manner. There was a quorum present (356 voters).

Checkers: E. Maley, M. Stivers, A. McClard, R. Quinn. The Meeting was called to order at 7:10 by Moderator Everett W. Stephens.

It was voted to dispense with the reading of the warrant.

A motion was made at the beginning of the meeting that the meeting be adjourned at 11 P. M. After a discussion, it was voted that the Moderator entertain a motion regarding adjournment at 10:30 p. m.

ARTICLE 1. To hear the reports of the various Town Officers and Committees and take such action thereon, as the town may vote.

The only report under this article was a brief report by the Industrial Commission, stating that there had been three possible industries or businesses seeking to locate in the Town, the major one being the Gabriel Company.

ARTICLE 2. To see if the Town will vote to fix, for the Calendar year, 1960, the salary and compensation of all elective officers of the Town as provided by Section 108 of Chapter 41 of the General Laws, as amended, which officers are as follows:

One Moderator, one Town Clerk, one Treasurer, one Town Collector, three Selectmen, three Assessors, three members of the Board of Public Welfare, three members of the School Committee, three Cemetery Commissioners, three members of the Board of Health, three Water Commissioners, and one Tree Warden.

Moderator	\$ 25.00	Welfare Comm. (3)	\$150.00
Town Clerk	1,200.00	School Comm. (3)	300.00
Treasurer	1,200.00	Cemetery Comm. (3)	75.00
Town Collector	1,300.00	Water Comm. (3)	150.00
Selectmen (3)	1,050.00	Board of Health (3)	150.00
Assessors (3)	2,100.00	Tree Warden	25.00

VOTED: That the salaries and compensation of all Elective Officers of the Town be fixed as appearing in Article 2.

ARTICLE 3. To see if the Town will vote to raise and appropriate the sum of Seventy-seven Hundred Twenty-five (\$7,725.00) Dollars or such other sum of money as may be necessary to pay the salaries of all elective Town Officers, or do or act thereon.

VOTED: That the sum of \$7,725.00 be raised and appropriated to pay the salaries of all elected town officers.

ARTICLE 4. To see if the Town will vote to amend Section 21, Schedule B of the Salary Administration Plan to read as follows:

VOTED: That the committee appointed under Article 29 be instructed to investigate the needs of an emergency power generator for Fayville Town Hall and make recommendations and to prepare and insert the necessary article or articles for the next Town Meeting.

ARTICLE 31. To see if the Town will vote to accept Sections 1, 2, and 3 of Chapter 139 of the General Laws, relative to the authority of the Board of Selectmen to adjudge to be nuisances, burnt, dilapidated or dangerous buildings, and to order dispossession, alteration or regulation of the same, as provided in said Sections, or do or act anything in relation thereto.

VOTED: That the provisions of the General Laws, Chapter 139, Sections 1, 2 and 3 be accepted.

ARTICLE 32. To see if the Town will vote to amend its By-Laws by adding to Article X thereof the following new Section 6:

Section 6. The owners of land whereon is located an abandoned well or a well in use, shall provide a covering for such well capable of sustaining a weight of 300 pounds or shall fill the same to the level of the ground. The penalty for violation of this By-Law shall be a fine of not less than \$100.00 or more than \$500.00, or do or act anything in relation thereto.

VOTED: That the By-Laws be amended by adding Section 6 as set forth in Article 32.

An amendment that the above section 6 of the By-Laws include "quarries, pits or excavations which would be a hazard" was defeated.

VOTED: That the Moderator appoint a committee to investigate hazards such as quarries and pits and to report back to the next town meeting.

ARTICLE 33. To see if the Town will vote to raise and appropriate the sum of \$187,000.00 or other sum of money for the purpose of constructing and originally equipping and furnishing eight additional classrooms to the Albert S. Woodward Memorial School, and other necessary or desirable facilities in connection therewith, and to determine how said appropriation shall be raised, whether by transfer of available funds in the treasury, by borrowing or otherwise, or do or act anything in relation thereto.

A motion that Article 33, 34 and 35 be tabled until after Article 60 has been acted on was defeated.

VOTED: That the sum of \$187,000.00 be raised and appropriated for the purpose of constructing and originally equipping and furnishing an addition to the Woodward Elementary School Building, said addition to be for the purpose of providing additional class rooms; and that to meet said appropriation the sum of \$1,700.00 to be raised by taxation and that the treasurer with the approval of the Selectmen be and is hereby authorized to borrow the sum of \$185,300.00 and to issue bonds or notes of the Town therefor payable in not more than 20 years, said sum to be borrowed shall be under the authority of and in accordance with the provisions of Chapter 645 of the Acts of 1948 as amended and that the present School Study Committee is hereby authorized to enter into contracts and to do all things that are necessary and con-

venient for constructing, equipping and furnishing such school building and that in the event that a vacancy should occur on said Committee that the remaining members of said Committee be and hereby are authorized to fill said vacancy. By a show of hands, the vote was as follows: Yes—212 No—36.

At 10:30 p. m., discussion of this article was interrupted, and it was voted that this meeting be adjourned promptly at 11 p. m. to Tuesday, March 15, 1960 at 7:30 p. m. and any pending unfinished questions be tabled to that time.

ARTICLE 34. To see if the Town will continue the Committee appointed under Article 33 of the Warrant for the Annual Town Meeting of 1959, for the purpose of constructing and originally equipping and furnishing eight additional classrooms to the Albert S. Woodward Memorial School, and other necessary or desirable facilities in connection therewith, and to raise and appropriate, or transfer from available funds, or to borrow or otherwise make available for the use of said Committee the sum of \$1,500.00 or other sum of money, as may be necessary for such purpose, or do or act anything in relation thereto.

VOTED: That the sum of \$1,200.00 be raised and appropriated to be used by the School Study Committee to pay for the preparation of plans, architectural, legal and other services as may be necessary in providing additional class rooms in the Woodward Elementary School.

ARTICLE 35. To see if the Town will vote to continue the Committee appointed under Article 33 of the Warrant for the Annual Town Meeting of 1959, to study the present and future school housing needs of the Town, and to raise and appropriate, or transfer from available funds, or to borrow or otherwise make available for the use of said Committee the sum of \$2,500.00, or other sum of money, as may be necessary for such purposes, or do or act anything in relation thereto.

VOTED: That action on this article be postponed until after Article 60 of this warrant has been considered.

Meeting was then adjourned at 11 p. m. to Tuesday, March 15, 1960 at 7:30 P. M., in accordance with vote taken previously.

ADJOURNED ANNUAL TOWN MEETING, MARCH 15, 1960

At the adjourned town meeting duly called and held in the Town Hall, Southborough on March 15, 1960 at 7:30 o'clock, the following articles were voted upon in legal manner. There was a quorum present (270 voters).

Checkers: Elizabeth Maley, Mildred Stivers, Ann McClard, Rita Quinn.

The Meeting was called to order at 7:30 P. M. by Moderator Everett W. Stephens.

ARTICLE 35. To see if the Town will vote to continue the Committee appointed under Article 33 of the Warrant for the Annual Town Meeting of 1959, to study the present and future school housing needs of the Town, and to raise and appropriate, or transfer from available funds, or to borrow or otherwise make available for the use of said Committee the sum of \$2,500.00 or other sum of money, as may be necessary for such purpose, or do or act anything in relation thereto.

Action on this article was taken up after consideration of Article 60, in accordance with vote taken at annual town meeting of Monday, March 14, 1960.

VOTED: That the present Committee of eight appointed to study the present and future school housing needs of the Town be continued; that said Committee be authorized to fill any vacancy which may occur in its membership.

ARTICLE 36. To see what action the Town will vote to take relative to the disposition of the old Peters High School Building and the land under and adjoining the same and to see if the Town will vote to raise and appropriate, transfer from any available funds, or borrow or otherwise make available, the sum of \$8,000.00 or other sum for, and to grant authority to any persons, boards or committees, to carry out any action the Town may vote to take in connection therewith, or do or act anything in relation thereto.

A report of the School Study Committee was given with the recommendation that the Peters High School Building be razed.

The following motion was defeated by a show of hands
vote — Yes—82 (in favor) No—134 (against).

Motion: That the sum of \$7,700.00 be raised and appropriated for the purpose of razing the old Peters' High School building and that the present school Study Committee appointed under Article 33 of the Warrant for the Annual Town Meeting of 1959 be authorized and instructed to take such action and to enter into such contracts as said Committee may deem advisable for such purpose; and that said Committee be further instructed to salvage for sale or use elsewhere the sprinkler system and any other salvageable personal property which may be separated from said building.

VOTED: That a committee of 3 be appointed to investigate other possible uses to which the present Peters' High School Building might be put; said committee to report to the Selectmen who shall report to the Town on or before the next annual Town Meeting.

ARTICLE 37. To see if the Town will vote to sell, transfer or otherwise dispose of all or any of the personal property now in the old Peters' High School Building and the old Fayville School Building and to establish prices for any or all of such personal property which may be so sold, transferred or otherwise disposed of, and to determine the manner in which and the terms under which any or all such personal property may be sold, transferred or otherwise disposed of, and to grant to such persons, boards, or committees, as the Town may choose, such authority as may be necessary or advisable to complete any such sale, transfer or disposition, or do or act anything in relation thereto.

VOTED: That this article be dismissed.

ARTICLE 38. To see if the Town will vote to amend the vote taken under Article 6 of the Special Town Meeting of September 8, 1958, by striking out the words "Five Thousand (\$5,000.00) Dollars," and by inserting in place thereof the words "Twenty-five Hundred (\$2,500.00) Dollars" so that said vote will read as follows:

Unanimously voted: "That the parcel of land, together with buildings thereon situated on the easterly side of Oak Hill Road in the village of Fayville and bounded on the east, north and south by land of owners unknown, and on the west

by Oak Hill Road, be sold for a sum of not less than Twenty-five Hundred (\$2,500.00) Dollars, and such further sum of money as may be necessary for the payment of the tax allocable for the days ensuing in 1960 as provided in G. L., Chapter 44, Section 63A, and that the Board of Selectmen be authorized to conduct such sale in such manner as they may be most likely to bring the highest price, and to authorize the Board of Selectmen to prepare, execute, acknowledge and deliver on behalf of the Town such deeds or other instruments as may be necessary to transfer full and complete title to the fee thereof, and that the proceeds of such sale be placed in the Town Treasury."

VOTED UNANIMOUSLY: That the vote taken under Article 6 of the Special Town Meeting of September 8, 1958 be amended by striking out the words "Five Thousand (\$5,000.00) Dollars" and by inserting in place thereof the words "Twenty-five Hundred (\$2,500.00 Dollars".

ARTICLE 39. To see if the Town will vote to accept from Hart Harris two certain easements in land situated on the southerly side of Richards Road and the westerly side of Cordaville Road in that part of Southborough called Cordaville, the first easement to be for the purpose of installing and maintaining a drainage pipe across the land of said Harris to a brook which runs southerly over the land of said Harris on the westerly side of said Cordaville Road, said easement being over a parcel of land of said Harris situated at the northeasterly corner of the junction of said Cordaville Road and Richards Road, the easterly and westerly lines of the land over which said easement runs are 45 feet in length and the northerly and southerly lines of said easement are 20 feet in length.

The second easement is for the purpose of authorizing the Town to discharge into the brook which runs southerly across the land of said Harris all the water which may come from pipes, catch basins and culverts which the first easement above described authorizes the town to install and maintain on said land, the land to be subject to said easement as shown on a plan of land now on file in the Town Clerk's office to which reference may be had for a more detailed description thereof.

VOTED UNANIMOUSLY: That the Town accept from Hart Harris two certain easements in land situated on the

southerly side of Richards Road and the westerly side of Cordaville Road in that part of Southborough called Cordaville. The first easement to be for the purpose of installing and maintaining a drainage pipe across the land of said Harris to a brook which runs southerly over the land of said Harris on the westerly side of said Cordaville Road, said easement being over a parcel of land of said Harris situated at the north-easterly corner of the junction of said Cordaville Road and Richards Road, the easterly and westerly lines of the land over which said easement runs are 45 feet in length and the northerly and southerly lines of said easement are 20 feet in length.

The second easement is for the purpose of authorizing the Town to discharge into the brook which runs southerly across the land of said Harris all the water which may come from pipes, catch basins and culverts which the first easement above described authorized the Town to install and maintain on said land, the land to be subject to said easement as shown on a plan of land now on file in the Town Clerk's office to which reference may be had for a more detailed description thereof.

ARTICLE 40. To see if the Town will vote to raise and appropriate for transfer from any of its available funds or to borrow and appropriate the sum of Two Thousand Fifty (\$2,050.00) Dollars to be used to increase the capacity of the brook which flows southerly across the land of Hart Harris to such extent as may be necessary to carry away the additional flow of water which may come from drainage pipes, catch basins and culverts, which the Town has installed on the land of said Harris situated at the south westerly junction of Cordaville Road and Richards Road, or do or act anything in relation thereto.

VOTED UNANIMOUSLY in the words of the article.

ARTICLE 41. To see if the Town will vote to accept from Harry R. and Martha F. Leland a drainage easement through the land of said Lelands, running northerly from Mitchell Street to land now or formerly of Trioli, as shown on a plan of land entitled "H. R. & M. F. Leland to Town of Southborough, Mass. Drainage Easement Jan. 4, 1960, Scale: 1" equals 50 ft., Haley & Ward, Eng., Boston, Mass.," which plan is on file in the office of the Town Clerk, or do or act anything in relation thereto.

VOTED UNANIMOUSLY: That the Town accept from Harry R. and Martha F. Leland a drainage easement through the land of said Lelands, running northerly from Mitchell St., to land, now or formerly, of Trioli, as shown on a plan of land entitled "H. R. & M. F. Leland to Town of Southborough, Mass., Drainage Easement, Jan. 4, 1960, Scale: 1" equals 50 ft., Haley and Ward, Eng., Boston, Mass.," which plan is on file in the office of the Town Clerk.

ARTICLE 42. To see if the Town will vote to raise and appropriate or transfer from any of its available funds and appropriate the sum of Two Hundred (\$200.00) Dollars to be used to blend the grade of the driveway of Steuernagel with that of Mitchell Street, as altered in 1959, or do or act anything in relation thereto.

VOTED: That the Town raise and appropriate the sum of Two Hundred (\$200.00) Dollars to be used to blend the grade of the driveway of Steuernagel with that of Mitchell Street, as altered in 1959, after the proper easements and releases have been obtained from the owner.

The words "after the proper easements" etc., were added and voted as an amendment to the original motion.

ARTICLE 43. To see if the Town will vote to authorize the Board of Water Commissioners to prepare, file and have enacted a legislative bill, which would authorize the Town to borrow beyond the debt limit for the purpose of carrying out any vote or votes which may be passed in connection with extension or enlargement or improvement of the Town water system and to raise and appropriate or transfer from any of its available funds a sum of money to be used for such purpose or do or act anything in relation thereto.

VOTED: That the Water Commissioners be authorized to prepare, file and have enacted a legislative bill, which would authorize the Town to borrow beyond the debt limit for the purpose of carrying out any vote or votes which may be passed in connection with extension or enlargement or improvement of the Town water system and to transfer from the Water Reserve Fund the sum of \$1,000.00 to be used for such purpose.

ARTICLE 44. To see if the Town will vote to discontinue as a public way the road running westerly from Flagg

Road and known as Old Harry Road or Old Hairy Road, or do or act anything in relation thereto.

VOTED: To discontinue as a public way the road running westerly from Flagg Road and known as Old Harry Road or Old Hairy Road.

ARTICLE 45. To see if the Town will vote to raise and appropriate or transfer from any of its available funds and appropriate the sum of Two Thousand (\$2,000.00) Dollars for the purpose of constructing a parking lot on the land to the north and in the rear of the present Town Hall, or do or act anything in relation thereto.

A substitute motion, to the original motion to dismiss, for the raising and appropriation of \$2,000.00 in the words of the article was defeated by a show of hands vote as follows: In favor: 69 Against 140.

ARTICLE 46. To see if the Town will vote to amend Section III, Part 2 of the Zoning By-Laws of the Town of Southborough, establishing the boundaries of the districts as shown on the map which is a part thereof, and adopted by the Town of Southborough on June 6, 1955, as amended by changing the following described area from a Business District to an Industrial District:

That parcel of land situated on the southerly side of Turnpike Road at the junction of Oak Hill Road and Turnpike Road and bounded and described as follows:

NORTHERLY by the southerly side line of Turnpike Road, approximately 300 feet;
EASTERLY by the westerly side line of Oak Hill Road, 250 feet, as presently zoned for Business;
SOUTHERLY by a line 250 feet from and parallel with the southerly side line of Turnpike Road, as presently zoned for Business;
WESTERLY by land now or formerly of Miller, 250 feet, as presently zoned for Business;

Being all the land of Reginald and Bertha Perham and part of the land of Honen; or pass any vote or take any action relative thereto.

The Planning Board reported its disapproval on the grounds that this was not good zoning.

VOTED UNANIMOUSLY: That the above described area be changed from a Business District to an Industrial District, and zoning By-Law so amended.

ARTICLE 47. To see if the Town will vote to amend Section III, Part 2, of the Zoning By-Laws of the Town of Southborough, establishing the boundaries of the districts as shown on the map which is a part thereof, and adopted by the Town of Southborough, on June 6, 1955, as amended, by changing the following described area from a residential C District to an Industrial District:

That parcel of land situated on the westerly side of Willow Street bounded and described as follows:

Beginning at the southeasterly corner of the premises at land of the Old Colony Railroad Co., and/or N. Y., N. H. & Hartford R. R. Co.; thence running westerly by said Railroad land approximately one thousand fifty (1050) feet to a wall; thence turning and running northerly along said wall to an angle in said wall; thence turning and running easterly along a wall and land now or formerly of one Ellsworth, one Onthank and Como Construction Co., to the westerly side line of Willow Street; thence turning and running southerly along the westerly side line of Willow Street to land of the Railroad and the point of beginning.

Containing approximately 8 acres of land and being land of Louis G. Bouchard; or pass any vote or take any action relative thereto.

The Planning Board reported its approval since there were few residences in this area.

VOTED UNANIMOUSLY: That the above described area be changed from a Residence C District to an Industrial District and the zoning By-Law so amended.

ARTICLE 48. To see if the Town will vote to amend Section III, Part 2, of the Zoning By-Laws of the Town of Southborough, establishing the boundaries of the districts as shown on the map which is a part thereof and adopted by the Town of Southborough, on June 6, 1955, as amended, by changing the following described area from a residential C District to a Business District:

ELEONORA F. BURKE,
Town Clerk

SPECIAL TOWN MEETING, MAY 25, 1960

At the Special Town Meeting duly called and held in the Town Hall, Southborough on May 25, 1960 at 7:30 P. M., the following Articles were voted upon in legal manner. There was a quorum present (257 voters).

Checkers: Margaret Connors, Mildred E. Stivers, Grace Harwood and Avis Cummings.

The Meeting was called to order at 8 o'clock by Moderator Everett W. Stephens.

It was voted to dispense with the reading of the warrant.

ARTICLE 1. To see if the Town will vote to appropriate the sum of \$340,000.00 to increase and improve its water system and for the purpose of constructing and equipping a pumping station, and for, the purpose of constructing suitable water storage facilities and for the purpose of installing water mains and such other pipes, fixtures, equipment and facilities as may be necessary therefor, and to determine how said appropriation shall be raised, whether by transfer from available funds or by borrowing or otherwise, or do or act anything in relation thereto.

VOTED UNANIMOUSLY: That the sum of \$340,000.00 be appropriated for the purpose of extending, increasing and improving the town water system, and for constructing and equipping a pumping station, for constructing suitable water storage facilities, and for installing additional water mains and pipes, of not less than 6" in diameter; and that to meet said appropriation the sum of \$3,000.00 be transferred from available funds in the Town Treasury and that the Treasurer, with the approval of the Selectmen, be and hereby is authorized, under the authority of and in accordance with provisions of Chapter 44 of the General Laws, to borrow the sum of \$337,000.00 and to issue bonds or notes of the Town therefor, payable in not more than fifteen years; and the Board of Water Commissioners is hereby authorized to enter into contracts and agreements and to do all things necessary for such purpose.

Following the above action, there was a discussion as to the advisability of increasing the present water rates for the first 10,000 cubic feet from 40¢ to 50¢ per 100 cubic feet.

On an informal vote, the majority of the meeting voted in favor of the above increase.

ARTICLE 2. To see if the Town will vote for the purpose of increasing and improving its water system and for the purpose of constructing and equipping a pumping station, and for the further purpose of constructing suitable water storage facilities and for the purpose of installing water mains, pipes, fixtures and other facilities in connection therewith, to acquire by gift, or by purchase or by taking by right of eminent domain under Chapter 79 of the General Laws or otherwise, the fee or other interest in the following described parcels of land:

FIRST PARCEL: Lots 28 and 29 consisting of two acres of land, more or less, and as shown on a plan of land entitled "Preliminary and contour Plan Subdivision of land in Southborough owned by Murwell Construction, Scale 1"—100 feet, February 12, 1959, McCarthy Engineering Service, Natick."

SECOND PARCEL: A certain parcel of land situated on the northerly side of Northborough Road, bounded on the west, north and east by land of the Commonwealth of Massachusetts and on the south by said Northborough Road.

And to appropriate money therefor and to determine how said appropriation shall be raised, whether by transfer from available funds in the treasury or by borrowing, or by both, or otherwise, or do or act anything in relation thereto.

VOTED UNANIMOUSLY: That the sum of \$500.00 be transferred from available funds in the Town Treasury and that the same be appropriated for the purpose of acquiring land, and that the Board of Selectmen be authorized and directed, for the purpose of constructing a pumping station and water storage facilities for the water department, to acquire by purchase or by gift or by taking by right of eminent domain under Chapter 79 of the General Laws, or otherwise, the two following described parcels of land:

FIRST PARCEL: Lots 28 and 29 consisting of two acres of land, more or less, and as shown on a plan of land entitled "Preliminary and Contour Plan Subdivision of land in Southborough owned by Murwell Construction, Scale 1"—100 feet, February 12, 1959, McCarthy Engineering Service, Natick."

SECOND PARCEL: A certain parcel of land situated on the northerly side of Northborough Road, bounded on the west, north and east by land of the Commonwealth of Massachusetts and on the south by said Northborough Road.

ARTICLE 3: To see if the Town will vote to amend its by-laws by adding thereto the following new articles:

ARTICLE XI A

Regulations Relative to the Construction, Alteration and Maintenance of Buildings and Other Structures

Section 1. Scope. The provisions of these regulations shall relate to the construction, alteration and maintenance of buildings and other structures within the limits of the Town of Southborough, County of Worcester, except such as are owned and occupied by the United States, or owned and occupied by the Commonwealth of Massachusetts, or by any County; and also excepting bridges, quays and wharves.

These regulations shall become effective upon acceptance by the Town of Southborough, in accordance with the provisions of General Laws, Chapter 143, Section 3.

Section 2. Building Department. There shall be a department to be called the Building Department.

Section 3. Building Official. The office of Inspector of Buildings is hereby established. The Inspector of Buildings shall be appointed, and may at pleasure be removed, by the Board of Selectmen, who shall fix his salary and provide for reimbursement of his incidental expenses in the performance of his duties.

No person shall be appointed as Inspector of Buildings who has not had at least five years experience as a builder, civil engineer or architect, or as a superintendent, foreman, or competent mechanic in charge of construction.

The Inspector of Buildings shall enforce all laws and regulations relating to the construction, alteration, repair, removal, demolition, equipment, use and occupancy, location and maintenance of buildings and structures, except as may otherwise be provided. He shall inspect all building opera-

tions within the Town, and shall have the right of entry at reasonable hours. He shall require that all workmanship and all building materials shall be of good quality, and that types and methods of construction shall be in accordance with generally accepted standards of engineering practice as defined by the Board of Standards Basic Principles of Building Construction, and not inconsistent with law. In case of violation of these regulations, he shall order, in writing, the suspension of the work, which notice shall state the conditions under which work may be resumed.

Section 4. Records and Reports. The Inspector of Buildings shall keep records of applications, permits issued, certificates issued, inspections, reports and notices or orders issued. He shall make a report to the Board of Selectmen annually, and at such other times as requested by said Board.

Section 5. Application for Permits. It shall not be lawful to construct, alter, remove, demolish, or change the class of occupancy of any building or structure without first filing with the Inspector of Buildings an application in writing, and obtaining a permit.

An Application for a permit shall be submitted in such form as the Inspector of Buildings may prescribe, and shall be made by the owner or his duly authorized representative.

Applications for permits shall be accompanied by such plans, drawings and other data as the Inspector of Buildings may require. When required by the Inspector of Buildings, there shall be filed also a plot diagram drawn to scale, showing the size and location by dimension of the proposed new construction and other existing or proposed structures on adjoining property within ten feet of the property lines.

Nothing in this section shall prohibit the filing of amendments to an application. Such amendments, after approval, shall be filed with and be deemed a part of the original application. In existing buildings, minor repairs may be made without filing an application for obtaining a permit.

Section 6. Permits, Inspections, Fees. It shall be the duty of the Inspector of Buildings to act upon applications for a permit, plans or amendments thereto, without unreasonable or unnecessary delay.

The Inspector of Buildings shall inspect all buildings or structures during construction to see that the provisions of these regulations are complied with and that the construction is prosecuted safely.

The fee required for a building permit shall be that established by the Board of Selectmen.

Section 7. Certificate of Occupancy. It shall be unlawful to use or permit the use of any building or premises or part thereof hereinafter created, erected, changed or converted wholly or partly in its use or structure, until a certificate of occupancy shall have been issued by the Inspector of Buildings, certifying that the conditions of the permit have been fulfilled in accordance with the provisions of these regulations.

Upon request of the holder of a permit, or the owner, the Inspector of Buildings may issue a temporary certificate of occupancy for part of a building; provided that such temporary occupancy or use would not jeopardize life, limb or property.

Section 8. Unsafe Buildings. Upon notice of an unsafe building, the Inspector of Buildings shall proceed in accordance with the provisions of General Laws, Chapter 143, Section 6 to 12, inclusive.

Section 9. Penalty. If no other penalty for violations is provided, whoever violates any of the provisions of these regulations shall be liable to a fine of not less than fifty, nor more than one hundred dollars," or do or act anything in relation thereto.

Prior to taking a vote on this article, the Moderator announced that he had been advised by the Town Counsel that the decision in the Supreme Court case of Bloomquist vs. Arlington in February, 1959, held that a Town By-Law may be amended by majority vote. Therefore, a majority would be sufficient to carry a motion to amend the By-Laws.

VOTED BY A MAJORITY: That the By-Laws be amended by adding thereto Article XI A in the words of the above article.

ARTICLE 4. To see if the Town will vote to transfer from any of its available funds and appropriate the sum of \$1,000.00 for the use of the building department and enforcement of the building code when the same becomes effective, or do or act anything in relation thereto.

VOTED: That the sum of One Thousand (\$1,000.00) Dollars be transferred from Excess and Deficiency and appropriated for the use of the Building Department and enforcement of the Building Code.

ARTICLE 5. To see if the Town will vote to transfer from any of its available funds a sum of money and to appropriate the same for the purpose of eradication of mosquitoes in any manner authorized by law, or do or act anything in relation thereto.

VOTED to dismiss this article.

ARTICLE 6. To see if the Town will vote amend its By-Laws by inserting a new ARTICLE VIII B, as follows:

ARTICLE VIII B

Regulation of Hours of Work for Certain Employees

Section 1. "Day" shall mean the hours between 12:01 o'clock A. M. and the following 12:00 o'clock P. M.

Section 2. "Week" shall mean the period between 12:01 o'clock A. M. on Monday and 12:00 o'clock P. M. on the following Sunday.

Section 3. Regular hours of work for all town employees, classified in the groups hereinafter designated, as such groups are defined in Section 20, Schedule A of the Job Classification By-Law, shall be eight hours in any one day and forty hours, consisting of five eight hour days, in one week; Groups 25, 28, 43, 54, 55, 57, 59 and 60.

Section 4. All services rendered by any such employee for more than eight hours in any one day or more than forty hours, consisting of five eight hour days, in any one week, shall be paid for each hour of such service, a sum equal to one hundred fifty per centum (150%) of the hourly rate applicable to him under the Job Classification By-Law," or do or act anything in relation thereto.

VOTE: Motion to amend By-Laws defeated by a show of hands vote as follows: In favor of amending: 59 Against amending 86.

VOTED: To dismiss article.

✓ ARTICLE 7. To see if the Town will vote to accept the provisions of Chapter 40 Section 8C of the General Laws, providing for the establishment of a Conservation Commission, or do or act anything in relation thereto.

VOTED: To accept the provisions of Section 8C of Chapter 40 of the General Laws.

ARTICLE 8. To see if the Town will vote to transfer from any of its available funds, the sum of \$350.00 and appropriate the same for the purpose of compromising the land damage suits of Schipper and Guilbert against the town, and to authorize the Board of Selectmen to settle said cases for a sum not to exceed \$650.00 or do or act anything in relation thereto.

VOTED: That the sum of Six Hundred and Fifty (\$650.00) Dollars be transferred from Excess and Deficiency and appropriated for the settlement of two land damage suits against the Town of Southborough by Schipper and Guilbert.

After the action on Article 11, the meeting voted to reconsider Article 8 and the following action was taken.

VOTED: That the sum of \$650.00 be transferred from available funds in the Town Treasury and that the same be appropriated for the purpose of paying an execution in the case of Schipper vs. County of Worcester, and that the action of the Board of Selectmen in compromising said suit be ratified, confirmed and approved.

ARTICLE 9. To see if the Town will vote to amend Section 2 of Article 1 of its by-laws relative to posting warrants for Town Meetings, or do or act anything in relation thereto.

VOTED That Article 1, Section 2, of the Town By-Laws be amended by striking out the words "all railroad stations in the Town" and by adding after the word "suitable" the

words "and in at least five other such public places as the Selectmen shall determine," so that said by-law shall read as follows:

"Section 2. Notice of every town meeting shall be given by posting attested copies of the warrant therefor at the Town Hall, the Fayville Hall, the Post Offices in Southborough, Fayville, Cordaville, and Southville, and in at least five other such public places as the Selectmen shall determine, seven days at least before the time appointed for such meeting."

ARTICLE 10. To see if the Town will vote to amend its by-laws by striking from Article IV, Section 8, the last sentence which provides "they shall cause a copy to be delivered to every occupied dwelling in the Town not later than ten (10) days preceeding the Annual Town Meeting," or do or act anything in relation thereto.

A MOTION that Article 4, Section 8 of the Town By-Laws be amended by deleting therefrom the last sentence thereof and inserting in place thereof the following: "The Selectmen shall cause at least 800 copies of the annual town report to be made available to such persons as desire to call for them at the Town Hall during the office hours of the Town Clerk and the Secretary for the Board of Selectmen at least 10 days before the Town Meeting," WAS NOT CARRIED.

ARTICLE 11. To see if the Town will vote to amend its By-Laws by repealing Section 8A of Article IV relative to delivery of Town Reports, or do or act anything in relation thereto.

VOTED: To dismiss this article.

ARTICLE 12. To see if the Town will vote to raise and appropriate or transfer from any of its available funds and appropriate, the sum of Fifteen Hundred Seventy-five (\$1,575.00) Dollars for the purpose of extending the water main in Middle Road from the end of the present water main in Middle Road in a northerly direction for a distance of approximately four hundred twenty-five (425) feet and to determine the terms and conditions under which said water main extension shall be made, and to authorize and instruct the Board of Water Commissioners with said water main extension, or do or act anything in relation thereto.

VOTED UNANIMOUSLY: That the sum of \$1,575.00 be transferred from available funds in the Town Treasury and that the sum be appropriated for the purpose of extending the present water main northerly from the northerly end of the present water main in Middle Road approximately 425 feet and that the Board of Water Commissioners be instructed to extend said water main provided that the owner or owners of land abutting on that part of Middle Road, not in public ownership, in which said water main extension shall be laid, and connected thereto, shall agree in writing to pay in each year for a period of twenty (20) years as a minimum rate for water, whether or not water is actually used, a sum equal to 5% of the total original cost of construction of said water main extension and provided further that as other premises abutting said part of Middle Road shall be connected with said water main extension, the Water Commissioners shall thereupon in each instance, reapportion such original costs for the remainder of such twenty year period among the owners of all land so connected.

ARTICLE 13. To see if the Town will vote to amend the vote taken under Article 57 of the warrant for the annual town meeting of 1960 in such manner as to authorize the appropriation made thereunder to be used for the installation in Mitchell, John and Central Streets, of adequate drainage facilities wherever the same may be needed; improving and making adequate so much of the drainage facilities as are now in Mitchell, John and Central Streets, or do or act anything in relation thereto.

VOTED UNANIMOUSLY: That the vote taken under Article 57 of the warrant for the annual town meeting of 1960 be amended so as to read "That the sum of \$17,250.00 be transferred from available funds and that the same be appropriated for use on John Street for the purposes of:

1. Installing adequate drainage facilities wherever the same may be needed;
2. Improving and making adequate so much of the drainage facilities as are now in John Street; and
3. Repairing the surface of John Street;

and that any new construction of John Street be done as approved by the Massachusetts Department of Public Works under the approval of the engineers in charge of Chapter 81 Highways, and that the surface shall be of gravel treated

with asphalt emulsion as directed by the above mentioned engineers.

If, upon completion of said work on John Street, there remains an unexpended balance of said appropriation, that such unexpended balance be used for the same purposes on Mitchell and Central Streets.

ARTICLE 14. To see if the Town will vote to raise and appropriate or transfer from any of its available funds and appropriate the sum of Four Thousand (\$4,000.00) Dollars to be used to resurface Richards Road from Route 85 to Atwood Road. This resurfacing to make said Richards Road into a Type "I" Road, or do or act anything in relation thereto.

A motion made in the words of the article was not carried.

ARTICLE 15. To see if the Town will vote to change the number of members of the school committee from 3 to 5, or do or act anything in relation thereto.

VOTED: That the Town change the number of the school committee from three (3) to five (5) and that the Board of Selectmen instruct the Registrars of Voters to make the necessary arrangements as to the terms of office according to the General Laws of Massachusetts so that this can be accomplished at the next Annual Town Election.

ARTICLE 16. To see if the Town will vote to transfer from any of its available funds or to borrow and appropriate or otherwise make available for the use of the school study committee, the sum of \$2,500.00 or such other sum as may be necessary to complete the study of the present and future school housing needs of the Town of Southborough as required by the vote taken under Article 35 of the warrant for the town meeting of March, 1960, or do or act anything in relation thereto.

VOTED: That the sum of \$2,500.00 be transferred from available funds in the Town Treasury and that the same be appropriated for the use of the School Study Committee in carrying out the duties imposed upon them by vote taken under Article 33 of the warrant for the annual town meeting of March 9, 1959.

After the above vote, the question of whether there was a quorum present was raised. A count was taken and a quorum was present, the count indicating the presence of 182 voters.

ARTICLE 17. To see if the Town will vote to amend the zoning by-laws, Section III, Paragraph 1, to eliminate residence "C" districts and to make applicable to former residence "C" districts whatever else there are cited in the by-laws and particularly in Section VI of said by-laws the designation and regulations now applying in residence "B" districts, or take any action in relation thereto.

A motion to abolish Residence "C" districts and an amendment to the by-laws to accomplish such abolition was not carried. The show of hands vote was as follows: In favor 56 Against 107.

ARTICLE 18. To see if the Town will vote to amend its zoning by-laws, establishing the boundaries of and regulation binding in Residence Districts as shown on the map, which is a part thereof, and adopted by the Town of Southborough, on June 6, 1955, as amended, and in particular Sections III, IV, VI thereof, to create Residence AA Districts, or do or act anything in relation thereto, the following boundaries and regulations to apply in Residence AA Districts:

Residence AA Districts shall include the following described area:

WESTERLY by the Southborough-Westborough line
and the Southborough-Marlborough line

NORTHERLY by the Southborough-Marlborough line

EASTERLY By Cordaville Road, Common Street, and the right of way of the New York, New Haven and Hartford Railroad, excluding that parcel of land along the westerly side of Cordaville Road which is now zoned Residence C District

SOUTHERLY by Main Street running westerly to Lovers Lane, then southerly on Lovers Lane to Flagg Road, then southwesterly on Flagg Road to the Boston-Worcester Turnpike, then westerly north of the Industrial zone on the Boston-Worcester Turnpike to the Southborough-Westborough line.

Regulations now applying to Residence A Districts in the Zoning By-Laws (Section VI) shall apply also in Residence AA Districts except that minimum lot size shall be 87,000 square feet, and minimum lot frontage shall be 200 feet.

VOTED to dismiss this article.

ARTICLE 19. To see if the Town will vote to amend Section VI of the zoning by-laws of the Town of Southborough by striking from the "Table of Regulations: lot, yard, height, and coverage" which regulations were adopted by the Town on June 6, 1955, as part of Section VI of said zoning by-laws, the figure "150" from the line beginning "Residence A," in the third column of said regulations and by inserting in place thereof the figures "200" so that the minimum width in feet of frontage of lots in Residence A Districts shall not be less than 200 feet, or do or act anything in relation thereto.

VOTED: That this article be dismissed.

VOTED: That the meeting be adjourned to September 27, 1960 at 7:30 p. m.

Meeting so adjourned at 7:55 p. m.

ADJOINED SPECIAL TOWN MEETING OF AUG. 16, 1960

Held: September 27, 1960 and

SPECIAL TOWN MEETING, SEPTEMBER 27, 1960

At the adjourned Special Town Meeting and the Special Town Meeting duly called and held in the Town Hall, Southborough on September 27, 1960 at 7:30 p. m., the following Articles were voted upon in legal manner.

Checkers: Mildred E. Stivers, Elizabeth B. Maley, Alice Twombly, Nita Hubley.

The meetings were called to order at 7:50 p. m.

Adjourned Town Meeting Articles

Prior to consideration of warrant articles, a request was made that the meeting hear a report from the Committee appointed to investigate the possible uses of the Peters' High School building.

Briefly, Mr. Paul Henderson spoke for the committee stating that he could not make a complete report. He stated further that the committee had found that the building could be used only for school purposes. His committee had had several meetings and at a figure of \$60,000 obtained from reliable sources, it was felt that the building could be used to house seven classrooms with adequate lighting, heating, flooring and sanitary conditions.

This report was accepted as a report of progress.

ARTICLE 1. To see if the Town will vote to appropriate the sum of \$40,000.00 or some other sum of money to be added to the appropriation of \$187,000.00 voted under Article 33 of the warrant for the annual town meeting of March, 1960, for the purposes of constructing and originally equipping and furnishing eight (8) additional classrooms to the Albert S. Woodward Memorial School, and for other necessary and desirable facilities in connection therewith, and to determine how said additional \$40,000.00 or other sum shall be raised, whether by transfer of available funds in the treas-

ury, by borrowing, or otherwise, or do or act anything in relation thereto.

A MOTION to borrow the sum of \$30,000.00 and to authorize the issuance of Bonds or notes payable in not more than 20 years was ruled NOT CARRIED by the Moderator as failing to have the necessary two-thirds vote. VOTED: In Favor 130 Against 93.

A MOTION to reconsider action on the above article was also lost. Vote: In Favor 117 Against 89.

ARTICLE 2. To see what action the Town will take relative to the abandonment of the Peters' High School Building for School purposes, and relative to any vote, recommendations or transfers heretofore passed or made in connection with the same, or do or act anything in relation thereto.

VOTED: To clarify the records as to the status of Peters' High School, that the old Peters' High School Building be transferred to the School Committee to be held and administered by them in the same manner as they hold and administer other school buildings and property of the Town held for School purposes, and that the Committee appointed under Article 36 of the Warrant for the Annual Town Meeting of March, 1960 be continued for the purpose of completing its investigation and that said Committee be instructed to file its report and recommendations with the Board of Selectmen not later than January 1, 1961, and to insert in the Warrant for the next Annual Town Meeting such article or articles as may be necessary to carry out its recommendations.

ARTICLE 3. To see if the Town will vote to transfer from any of its available funds a sum of money for the purchase of such heating facilities and other equipment and for such fuel as may be necessary to supply adequate heat to the old Peters' High School Building, or do or act anything in relation thereto.

Motion for the transfer of \$1,000.00 for above purposes was defeated.

ARTICLE 4. To see if the Town will vote to transfer from any of its available funds a sum of money and appropriate the sum as an addition to the appropriation of \$4,000.00 made under Article 24 of the warrant for the 1960 Annual

Town Meeting for highway equipment and maintenance, or do or act anything in relation thereto.

VOTED: That the sum of \$1,000.00 be transferred from available funds in the Town Treasury and that the same be appropriated as an addition to the appropriation of \$4,000.00 made at the Annual Town Meeting for Highway Equipment and Maintenance.

ARTICLE 5. To see if the Town will vote to raise and appropriate or transfer from any of its available funds the sum of Fifty-five Hundred (\$5,500.00) Dollars for the purchase of a new dump truck for the Highway Department and to determine whether any part of said appropriation shall be raised by borrowing; and to authorize the Board of Selectmen to sell, turn in, or otherwise dispose of the 1955 Chevrolet dump truck now used by the Highway Department, or do or act anything in relation thereto.

VOTED: To dismiss this article.

ARTICLE 6. To see if the Town will vote, for the purposes of installing certain drainage pipes across a portion of land of Alfred Watkins on the northerly side of Richards Road, to acquire by purchase, or by gift, or by taking by right of eminent domain under Chapter 79 of the General Laws, or otherwise, an easement in the following described parcel of land:

Beginning at a stonewall on the northerly side of Richards Road at a point 17 ft. west of a stonewall on the easterly side of the dwelling house and barn of Alfred R. Watkins; thence running northeasterly across the land of said Watkins 33 ft. to the last mentioned stonewall at a point 32 ft. north of the stonewall on the northerly side of Richards Road, said parcel of land to be bounded on the southeast by a line 20 ft. distant from and parallel with the aforementioned line.

and to appropriate money therefor, and to transfer from available funds in the treasury a sum of money for such purposes, or do or act anything in relation thereto.

VOTED: To dismiss this article.

ARTICLE 7. To see if the Town will vote to transfer from any of its available funds in the Town Treasury the sum of Four Hundred Dollars, and appropriate Three Hundred Dollars of this sum to the Election and Registration department and One Hundred Dollars to the Town Clerk, or do or act anything in relation thereto.

VOTED: That the sum of \$400.00 be transferred from available funds in the Town Treasury and that the sum of \$300.00 thereof be appropriated as an addition to the appropriation made at the Annual Town Meeting for Election and Registration and that the remaining \$100.00 thereof be appropriated as an addition to the appropriation made at the Annual Town Meeting for the Town Clerk's Department.

ARTICLE 8. To see if the Town will vote to further amend the vote taken under Article 57 of the Warrant for the Annual Town Meeting of 1960, as amended by the vote taken under Article 13 of the Warrant for the Special Town Meeting of May 25, 1960, by deleting the following:

"and that any new construction of John Street be done as approved by the Massachusetts Department of Public Works under the approval of the engineers in charge of Chapter 81 Highways, and that the surface shall be of gravel treated with asphalt emulsion as directed by the above-mentioned engineers," so that such vote shall be as follows:

VOTED UNANIMOUSLY: That the vote taken under Article 57 of the Warrant for the Annual Town Meeting of 1960 be amended so as to read 'That the sum of \$17,250.00 be transferred from available funds and that the same be appropriated for use on John Street for the purpose of:

1. Installing adequate drainage facilities wherever the same may be needed;
2. Improving and making adequate so much of the drainage facilities as are now in John Street; and
3. Repairing the surface of John Street.

If, upon completion of said work on John Street, there remains an unexpended balance of said appropriation, that such unexpended balance be used for the same purposes on Mitchell and Central Streets.

VOTED UNANIMOUSLY: To amend by deleting in the words of the Article.

ARTICLE 9. To see if the Town will vote to accept from State Street Bank and Trust Company, Trustee under the will of Francena E. Buck for the benefit of Fostina A. Allen and others deceased, the property now held in trust by said Trustee, as provided in the will of Francena E. Buck and to see what action the Town will vote to take in connection with the manner in which the Trust Property so accepted shall be received, held and administered, or do or act anything in relation thereto.

VOTED: That the property now held in trust by State Street Bank and Trust Company, Trustee under the Will of Francena E. Buck for the benefit of Fostina A. Allen and others deceased, be accepted by the Town and that said property be held one-third for the Fay Library, one-third to help the poor of the Town and one-third to help what will do the most good for the Town, all in accordance with the Will of said Francena E. Buck, and that a committee of three be appointed by the Moderator and instructed to report to the next Annual Town Meeting its recommendations as to the best method of administering said funds and to insert in the Warrant for said meeting, such article or articles as may be necessary to carry out such recommendations.

This Special Meeting was dissolved at 9:50 p. m.

Immediately following the dissolution of the adjourned special Town Meeting, the meeting proceeded to take action on the following articles contained in the Warrant for the Special meeting called for September 27, 1960:

ARTICLE 1. To see if the Town will vote to amend its Zoning By-Laws, effective June 6, 1955, by inserting therein, in Section III, Paragraph 2 thereof, between the next to the last and last sentences thereof, the following words: 'The land bounded on the north by Turnpike Road, from Cordaville Road to Woodland Road; on the west by Cordaville Road from Turnpike Road to land of Massachusetts Turnpike Authority; on the east, in part, by the easterly side line of Woodland Road for a distance of One Thousand (1000) feet south of Turnpike Road, and in part by a line running true south to land of Massachusetts Turnpike Authority from a point on the easterly side of Woodland Road, which point is One Thou-

sand (1000) feet south of Turnpike Road; and on the south by land of Massachusetts Turnpike Authority from Cordaville Road to the said line running true south from Woodland Road to be zoned as an industrial district, or do or act anything in relation thereto.

Inasmuch as the Planning Board did not make a recommendation as required, no action was taken under this article.

ARTICLE 2. To see if the Town will vote for the purpose of improving the drainage facilities in the vicinity of Cordaville Road, Richards Road and Atwood Street, to acquire by right of eminent domain under Chapter 79 of the General Laws, or otherwise, the following described parcels of land or any interests therein:

Parcel No. 1. Land of Antonio Giombetti, et al, situated on the westerly side of Cordaville Road in that part of Southborough called Cordaville, consisting of a strip of land twenty feet in width and running southerly across the land of said Giombetti from the land of William R. Flynn et al. to land of Edith Sangervasi, et al., said strip of land being in the approximate location of the brook as shown on a plan of land entitled "Plan of Brook in Southborough, Mass., Scale 1"—100 ft., Aug. 16, 1960, Nashoba Survey Co. Inc., Marlborough and Hudson, Mass." a copy of which is on file in the office of the Selectmen;

Parcel No. 2. Land of William R. Flynn, et al, situated on the westerly side of Cordaville Road, consisting of a strip of land twenty feet in width and running southerly across the land of said Flynn from the land of Larry Benson, et al, to land of Antonio Giombetti, et al, said strip of land being in the approximate location of the brook as shown on the plan hereinbefore referred to;

Parcel No. 3. Land of Larry Benson, et al, situated on the westerly side of Cordaville Road, consisting of a strip of land twenty feet in width and running southerly across the land of said Benson from the land of Alvin C. Starcher, et al, to land of William R. Flynn, et al, said strip of land being in the approximate location of the brook as shown on the plan hereinbefore referred to;

and to appropriate money therefor and to determine how such money shall be raised or do or act anything in relation thereto.

VOTED UNANIMOUSLY: That the Selectmen be authorized and instructed, for the purpose of improving the drainage facilities on and in the vicinity of Atwood Street and Cordaville and Richards Roads, and to drain certain low lands over which water from said roads, streets and areas flows, to purchase or take by right of eminent domain under the provisions of Chapter 79 of the General Laws, in, on and over the land hereinafter described, easements for the purpose of locating, constructing and maintaining ditches, drains and other structures and of flowing on and over the land in which said easements are taken, such water as may from time to time flow from or through ditches, drains and structures and to take such trees, stones or material as may be necessary therefor. Said easements are to be taken in the following described parcels of land:

Parcel 1. Land of Antonio Giombetti, et al., situated on the westerly side of Cordaville Road, consisting of a strip of land twenty feet wide and running southerly across the land of Giombetti from the land of William R. Flynn, et al, to land of Edith Sangervasi said strip of land being in the approximate location of the brook, as shown on a plan of land entitled "Plan of Brook in Southborough, Mass., Scale 1"—100 ft., Aug. 16, 1960, Nashoba Survey Co., Inc., Marlborough, and Hudson, Mass.", a copy of which plan is on file in the office of the Selectmen.

Parcel 2. Land of William R. Flynn, et al, situated on the westerly side of Cordaville Road, consisting of a strip of land twenty feet wide and running southerly across the land of said Flynn from the land of Larry Benson, et al, to the land of Antonio Giombetti, et al, said strip of land being in the approximate location of the brook as shown on the plan hereinbefore referred to.

Parcel 3. Land of Larry Benson, et al, situated on the westerly side of Cordaville Road, consisting of a strip of land twenty feet wide and running southerly across the land of said Benson from the land of Alvin C. Starcher to land of William R. Flynn, et al, said strip of land being in the approximate location of the brook as shown on the plan hereinbefore referred to;

and that the sum of \$15.00 be transferred from available funds and that the same be appropriated to pay such damages or awards as shall be made by the Selectmen.

ARTICLE 3. To see if the Town will vote to convey the easterly portion of that parcel of land situated on the north-easterly side of Southville Road, the easterly side of Harrington Street and the southerly side of Highland Street, the westerly portion of said land is now occupied by the Southville Fire Station, and to determine the sale price of said land and to fix and establish terms and conditions under which said parcel of land may be conveyed, and to authorize the Board of Selectmen to execute, acknowledge and deliver on behalf of the Town such instruments as may be necessary to transfer title thereto, or do or act anything in relation thereto.

VOTED UNANIMOUSLY: That the land situated easterly of the Southville Fire Station and bounded northerly by Highland Street, 120 feet, easterly by land, now or formerly, of Hubley, southerly by Southville Road, 120 feet and westerly by the lot of land on which said Fire Station stands, be conveyed to F. D. Newton Veteran Fireman's Association, Inc. for the sum of \$1.00 and on the following terms and conditions:

1. That said association be duly organized and chartered corporation under Chapter 180 of the General Laws;
2. That the conveyance transferring title contain conditions requiring the grantee
 - a. within one year from the date of delivery of such conveyance to so improve the land conveyed that any part thereof not now, or hereafter occupied by buildings, shall be suitable for the purpose of parking motor vehicles, and
 - b. to permit the free use thereof for the parking of motor vehicles of any persons visiting the adjoining fire station for any purpose for which said fire station may be properly used;
3. That upon dissolution, in any manner, of the said corporation, or upon cessation by it of the type of activities usually conducted by veteran fireman's associations, or upon violation by the grantee of any of the terms and conditions of such conveyance, or by failure for more than three months, of the grantee to perform its functions in the manner required by its by-laws, effective at the time of its incorporation, the

land conveyed, together with all buildings and improvements, shall revert to the town;

4. That disputes as to the performance or violation by the grantee of any such terms and conditions, shall be decided by decision of three persons, one of whom shall be selected by the grantee, one of whom shall be selected by the Selectmen, or whoever may be the chief executive officer or board of the Town at that time, and the third of whom shall be selected by the other two;

and the Selectmen be authorized and instructed to execute, acknowledge and deliver on behalf of the Town, such instruments as may be necessary to convey such land on such terms and conditions.

ARTICLE 4. To see if the Town will vote to sell or convey to Allen J. Hinkleman an interest in the way leading from Oak Hill Road in Fayville to the water tank on the easterly side thereof, in order that said Hinkleman may have direct access to that part of his land which adjoins the stand pipe lot and to determine what interest, if any, in the said land it will convey, or do or act in relation thereto.

A motion to grant a right of way to Allen J. and Frances E. Hinkleman was ruled NOT CARRIED by the Moderator as it failed to have the necessary two-thirds vote. VOTE: In Favor 69 Against 46.

REPORT OF THE BOARD OF SELECTMEN

To: Citizens and Taxpayers
Town of Southborough, Massachusetts

This past year has been one of the busiest years ever spent by your Board of Selectmen. Many problems presented themselves and your selectmen endeavored to solve these problems in a manner which they felt was in the best interests of all the inhabitants of the town. Some of these problems were of a routine nature and could be resolved on the lines of solution of similar past problems, but a number of questions that confronted your Board had no ready solution and no precedent on which to base its actions. Following is a brief resume of a few of the highlights of the actions taken by your selectmen.

The second phase of our street light modernizing plan was carried out and the final portion of this plan will be completed during 1961. We strongly recommend that this program be continued in the future and that we never again allow ourselves to fall so far behind.

Both the Chapter 90 and Chapter 81 road work, as outlined by the State Engineers, were completed in spite of highway employee salary problems with which the Board was confronted.

The engineering account was used quite extensively this year. Both the Selectmen and the Planning Board used more than the amounts allocated but the Board of Health agreed to the use by both departments, of a portion of their allocation. As a result of this co-operation, neither the Selectmen nor the Planning Board had to request a transfer of funds. In the future, an ever increasing appropriation will have to be made for this account, as engineering services demands are greater with each year.

As a result of the Town vote to accept the provisions of Chapter 139, Section 1, 2 & 3 of the General Laws, the dangerous condition of the water tank on the old Cordaville Woolen Mill has been remedied by the removal of the tank—at no cost to the Town.

The Fayville School was disposed of at public auction for \$4100.00. Article 36 of this year's Annual Warrant requests the Town to vote on the disposition of the money received for this building.

Drainage projects, all in the south side of the Town, as voted by the townspeople, have been completed. We strongly urge the town to act favorably on the requests contained in this year's warrant for additional drainage work. Each year drainage maintenance should be accomplished so that the town will not be faced with several major drainage problems coming all in the span of two or three years.

The so-called John and Mitchell Streets projects were carried out as far as the Board felt it was economically sound to do so at this time. The drainage portion of the John Street area was more costly than estimated and also more extensive than originally planned and as a result it is now necessary to enlarge the drainage pipe presently in Central Street. An article in this year's warrant requests the town to appropriate \$1,000.00 to be added to the remainder of the John Street appropriation so that this project may be properly completed.

As voted under Article #3 of the Special Town Meeting of May 25, 1960, the Board appointed the following to the Building Department.

Roland Messier—Building Inspector

Elwin Robbins—Electrical Inspector

Raymond Cibelli—Assistant Building Inspector in charge of Plumbing Inspection.

Anyone desiring to construct a new building, make additions or alterations to existing structures, should contact the Building Inspector and procure the necessary forms and permits. To avoid needless expense or delay, this should be done before any work is started as those persons not securing permits will be forced to stop such work until all requirements regarding permits are complied with.

The total number of licenses and permits issued were eighty-five (85) of which twenty-four (24) were zoning permits for new homes.

Gasoline consumption for 1960 amounted to 16,832.7 gallons.

To protect and secure rights of the Town of Southborough, members of the Board attended a number of hearings in Boston and Worcester.

Contained in the warrant, to be acted on at the Annual Town Meeting to be held on March 13, 1961, are a number of articles of vital importance to the town and we urge all voters to avail themselves of the opportunity to attend this meeting, express their opinion and vote.

Respectfully submitted,

PHILIP W. BURKE, Chairman
ARTHUR J. ST. MAURICE

REPORT OF THE TOWN TREASURER

To the Board of Selectmen

Town of Southboro, Mass.

I hereby submit the annual report of the Town Treasurer for the year 1960.

Cash Balance January 1, 1960	\$ 220,015.53
Receipts from all Sources	1,415,296.26
<hr/>	
Total Available Funds	\$1,635,311.79
Total Payments	1,064,449.27
<hr/>	
Cash Balance December 31, 1960	\$ 570,862.52

These funds are accounted for as follows:

Cash on Hand	\$ 62,255.67
Marlboro Savings Bank	1,392.54
People's National Bank of Marlboro	37,053.12
U. S. Treasury Bills (Water Loan)	74,559.00
U. S. Treasury Bills (School Addition Loan)	99,457.00
N. E. Merchant's National Bank	174,858.25
<hr/>	
Total	\$ 570,862.52

Included in both the cash receipts and cash payments above is the amount of \$40,000.00, which amount was borrowed in June for a period of four months from the N. E. Merchant's at a rate of 1.85% to provide working capital. The total cost of this loan was \$250.77.

Also included in the cash receipts and, in part, in the cash payments are the two long term loans effected in 1960. On a fifteen year bond issue we borrowed \$300,000.00 at 3.2% for the water program and \$185,000.00 at 3.4% on a twenty year bond issue for the school addition program.

All trust funds in the Treasurer's care are invested.
Respectively submitted,

J. M. CARMAN
Town Treasurer

REPORT OF THE BOARD OF PUBLIC WELFARE AND BUREAU OF OLD AGE ASSISTANCE

To the Honorable Board of Selectmen,
Town of Southborough, Massachusetts

The Board of Public Welfare and Bureau of Old Age Assistance submits the following report of its work for the past year ending on December 31, 1960.

General Relief

Nine persons were aided during 1960 with five new applications. We received full reimbursement from the State in three cases and from other Towns and Cities, for two more cases.

Aid to Dependent Children

During the year 1960, aid was rendered to twenty-eight persons in this category of assistance. Two new cases were added and five cases were closed. There is part reimbursement from the Federal and State Governments for this expenditure.

Disability Assistance

The Town of Southborough has granted aid to two persons who had been approved by the State and Medical Board for this category of assistance. Two new applications were denied. Both Federal and State Governments reimburse the Town for a part of its expenditures.

Old Age Assistance

Forty-one persons were assisted during the year 1960. Of the forty-one persons aided, eight came from other Towns for whom Southborough is fully reimbursed; for thirteen others, the State assumes full financial responsibility. Three former Southborough residents were aided in other communities and the proportionate share of their support was charged to this Town. Reimbursement to the Town for a part of these expenditures is received regularly from the Federal and State Governments.

There were seven new applications for Old Age Assistance, six of which were approved and one cancelled. Five accounts were closed due to death or to increased resources. Nine were transferred to the new category, Medical Aid to the Aged.

One Old Age Assistance Real Estate Lien was released by payment to the Town, of a total of \$3,329.67. We were also reimbursed for a hospital bill paid by General Relief. The amount was \$198.27.

Medical Assistance to the Aged

A new category of aid became effective as of 10-1-60, namely, Medical Aid to the Aged. This applies to persons age 65 or over who have insufficient income and savings to meet heavy medical expenses.

We feel that the following figures may be of interest to the taxpayers.

Expenditures for all four categories:

For Aid to or in behalf of recipients	\$63,604.41
For Administration	5,983.94
Total	\$69,588.35

Receipts for all four categories:

Federal Reimbursement for Aid (including balance for 1959)	\$35,141.85
Federal Reimbursement for Administration (including balance for 1959)	4,321.13
Total	\$39,462.98

The total of unexpendable receipts from the State for aid rendered from the State Meal Tax, and from other Towns and Cities, will be found in the Accountant's report.

The Board wishes to acknowledge the thoughtful kindnesses and cooperation of the various Town Departments, organizations and individuals in their helpful efforts to alleviate the need and misfortune of their fellow townsmen.

REPORT OF DEPARTMENT OF VETERANS' SERVICE

January 15, 1961

Honorable Board of Selectmen
Southboro, Mass.

Gentlemen:

In 1960 expenditures for Veterans' Benefits under Chapter 115, amounted to approximately \$6,120.55. Of this approximately \$4,739.20 will be re-imbursed by the Commonwealth.

The unexpended budget for 1960 is approximately \$25.00.

During the past year all applications for Veterans' Benefits and all other work in conjunction with the Department of Veterans' Services has been duly processed.

I wish at this time to thank the Board of Selectmen, and all other Departments that have been most helpful the past year.

Respectfully,

JOSEPH K. MURPHY,

Veterans' Agent

REPORT OF THE CEMETERY COMMISSIONERS

To the Honorable Board of Selectmen
Town of Southboro

Gentlemen:

The Board of Cemetery Commissioners wish to submit their annual report.

Regular meetings have been held and the usual business transacted. The M. D. C. has been consulted in regards to regulations for land usage near Metropolitan water or any of its tributaries. Several meetings were held for the purpose of viewing possible sites for a new cemetery. We feel that we have made a good progress on this project but have not as yet arrived at a definite decision on a site so are not yet ready to make a recommendation at this time. We have however, an article in the warrant so we may obtain professional advice and hope to come forth with a definite plan sometime next year.

This year has been a busy one for burials, we having had a record number of 63. The sale of lots has been about average. Another section of road was resurfaced, greatly improving driving conditions on the lower drive.

A report of receipts and expenditures will be found in the report of the Town Accountant.

Respectfully submitted,

CHARLES E. CORBETT
THOMAS E. YOUNG
LAWRENCE R. HAMLIN

Cemetery Commissioners

REPORT OF THE PLANNING BOARD FOR 1960

January 13, 1961

To the Honorable Board of Selectmen
Southborough, Massachusetts

Gentlemen:

During the year 1960, twenty-one Regular Meetings and 5 Special Meetings of the Board were held. At the special meeting of January 5, 1960, the Planning Board revised the Rules and Regulations governing the Subdivision Control Laws to become effective as of that date.

A Building Code for the town was voted at the special town meeting held on May 25, 1960.

The firm of Dana, Howard, and Greeley has been engaged to draw up the "Master Plan" for the town, as was voted at the annual town meeting. The work has not yet been started in that the federal government has not yet given approval to its share of the cost of this work.

Six plans under the Subdivision Control Law were submitted and approved by the Planning Board. The owners of these properties were as follows:

R. & S. Construction Co.	March 23, 1960
A. Topalian	April 16, 1960
Charles Pieper	April 20, 1960
Walter Hutt	June 22, 1960
Murwell Const.	July 13, 1960
Harry Wyde	Nov. 9, 1960

Total number of lots in these subdivisions is 225. Four plans under the Subdivision Control Law are now pending.

Approximately forty plans not requiring approval under the Subdivision Control Law were submitted to the Board and were signed. One of these plans listed twenty-one lots on an existing road.

The Planning Board has had an engineering study made of the intersection of Main Street, Framingham Road, and Newton Street. Three articles for suggested changes in this area are being submitted by the Board at the annual town meeting.

Respectfully submitted,

PHILIP C. BEALS,

Clerk

**ANNUAL REPORT OF THE
TRUSTEES OF FAY LIBRARY**

To the Honorable Board of Selectmen
Town of Southborough, Mass.

The Board of Trustees met eleven times during the year 1960. Adult circulation of books during the year increased and although not as many juvenile books were taken out, more children did research in the library.

It was with great reluctance that the Board accepted the resignation of Mrs. Mary Darrah Fine who had served the Board so well for many years and whose especial interest in the juvenile section was of great value.

With great pleasure, Mrs. Roland Sawyer was welcomed back to the Board after an absence of several years. Mrs. Sawyer ran in place of Mrs. Fine, who's term had expired.

Mrs. Charles Rossi who served so well as Mrs. Hutt's assistant resigned to take another position and Mrs. Philip Harding, Jr. is now ably helping Mrs. Hutt.

During the year, the walls and ceiling of the upper Stack Room were painted, greatly enhancing the interior of the library. Window frames were painted inside and out, one new window was put in and the front steps were pointed.

It is impossible on the present budget to buy books to suit every individual taste in the town, but the Trustees welcome suggestions of books which will be of general popular interest or of value in building up the research facilities of the library. The Trustees respectfully ask the citizens of Southboro to submit the name, publisher and price of any book they feel should be in the library to Mrs. Hutt or to any member of the Board and every effort will be made to procure it.

This report would not be complete without a vote of thanks to Mrs. Hutt and Mr. Misener for their usual excellent services to the library.

During 1960 there were no fatal traffic accidents in Southboro. It would be fine if we could state that we have found a successful formula for preventing such tragedies. Unfortunately, that is not so; but if every driver will constantly keep in mind the dangers of the highway and drive

with caution and consideration, the traffic toll can be kept to a minimum.

The Police Department may be said to provide two functions—safety and service. The protection of persons and property comes under the heading of safety and includes detection and apprehension of criminals, traffic law enforcement, etc. Service includes the non-emergency ambulance service, returning stray dogs to owners, removing various wild animals from cellar window wells and many other assorted tasks. A great many hours are consumed each year in providing such services, hours in which officers so occupied cannot be carrying out safety functions. The department is equipped and ready to provide services, but every citizen of the Town should realize that in order to be able to give service, enough manpower must be provided to prevent curtailment of any function pertaining to the safety of the Town.

Respectfully submitted,

FRANCIS J. MATTIOLI,

Chief of Police

**REPORT OF THE SUPERINTENDENT OF
INSECT AND DISEASE CONTROL**

To the Honorable Board of Selectmen
Town of Southborough, Massachusetts

Gentlemen:

I hereby submit my annual report for the year ending December 31, 1960.

Dutch Elm disease is still our most serious problem. Seventy-two Elms were cut and burned during the past year.

At the present time there is no preventive for this disease. The tree so affected must be cut and burned as soon as possible after it shows signs of being affected.

Prompt spraying for Elm leaf beetles have kept this pest under good control. All Elms not affected with Dutch Elm disease are in a healthy condition.

Poison Ivy was sprayed during the past year. This also is under good control. However, the spraying must be continued to keep it so.

I wish to thank the Board of Selectmen for their co-operation.

Respectfully submitted,

WILLIAM H. ONTHANK

Supt. of Insect and Disease Control

REPORT OF THE TREE WARDEN

To the Honorable Board of Selectmen
Southborough, Massachusetts

Gentlemen:

I hereby submit my report for the year ending December 31, 1960. The work of the Tree Warden was carried on as in previous years. A new pest has been discovered which causes the tips of the Oak tree branches to drop off. This is known as the Oak Tree Miner. It will be necessary to spray the Oaks, both red and white, about the middle of May.

Many roads have low hanging branches which should be removed as soon as possible.

Respectfully submitted,

WILLIAM H. ONTHANK,

Tree Warden

REPORT OF THE BOARD OF ASSESSORS

To the Honorable Board of Selectmen
Town of Southborough, Massachusetts

Gentlemen:

Herewith we submit our report for the year 1960.

The full board had 69 meetings during the past year, 24 regular for routine business and 45 special for general business and outside field work.

Our regular meetings are held the first and third Fridays each month.

Some member is at the Town Hall almost every morning and other times by appointment, and in addition Mr. Davis, who is centrally located, receives many calls during the year for applications and other information.

We have met various times with persons from the department of Public Works, with connection of ownership of property near the new proposed highway. Engineers, real estate operators, surveyors and many others, have availed themselves of our records for various reasons.

Two hundred and seventy applications for adjustments on Motor Vehicle Excise taxes were approved and 111 applications for exemptions and abatements were acted on.

From January 1st to October 1st, notices of 140 transfers and easements plus 91 copies of mortgages were received by us. Approximately 55 building permits were checked for accuracy and progress.

Considerable time has been spent in trying to catalogue each parcel of land with its proper location and deed reference. This will take much more time and searching of old records.

The progress made during the year has been of great benefit to us and those calling at the office, however, we would welcome any plans or maps which the owners of property can spare for our records.

Respectfully submitted,

RALPH H. CLARK, Chairman
WILLIAM N. DAVIS
ALTON B. SPURR, Clerk

REPORT OF SLAUGHTERING INSPECTOR

To the Honorable Board of Selectmen
Town of Southboro, Mass.

Gentlemen:

I hereby submit my annual report for the year ending December 31, 1960.

Number of hogs slaughtered and inspected	85
Number of cattle slaughtered and inspected	30
Number of sheep slaughtered and inspected	30
Number of calves slaughtered and inspected	6

Respectfully submitted,

SERENO W. JOHNSON,

Inspector of Slaughtering

REPORT OF THE FIRE DEPARTMENT AND FOREST FIRE DEPARTMENT

To the Honorable Board of Selectmen:

The annual report of the Fire Department and Forest Fire Department is as follows:

During the year the Department answered 96 calls as follows:

Buildings	15
Electric	2
Oil Burners	2
Autos and Trucks	11
Auto Accidents	7
Brush and Grass	49
Lost Persons	1
Drownings	1
Dump	1
Stills	6
Hurricane	1

During the year the Department had 24 regular meetings and 10 special meetings.

During the Summer there were 7 drills held in various parts of the town.

All apparatus and equipment in the department is in good condition.

Respectfully submitted,

JOHN W. BOLAND,

Chief of Fire Dept. and
Forest Warden

REPORT OF THE TOWN COUNSEL

To the Board of Selectmen and
The Citizens of the Town of Southborough:

Legal problems of small towns will not decrease in the foreseeable future. However, the work of the Southborough law department could be substantially decreased if the town were to employ sufficient competent engineering service. A very large portion of the work of the Planning Board, the Board of Appeals, and the Highway Department relates to matters requiring engineering services. If such services are not available, the work of the Town Counsel in preparing easements and related work is increased enormously, and it is not always certain that easements, deeds, street lay-outs, etc. accomplish the results they are designed to accomplish.

The importance of sufficient competent engineering services in the future cannot be over emphasized.

DISPOSITION OF LITIGATION PENDING ON JANUARY 1, 1960

Town of Southborough vs. Lee

On January 4, 1960, the Worcester Superior Court entered a final decree in favor of the Town. Since no appeal to the Supreme Judicial Court was taken by Mr. Lee, this decree was final.

Land Damage Cases

Two suits brought in the Worcester Superior Court to recover for damage sustained as the result of eminent domain proceedings on Fisher Road were defended and settled. It is very unlikely that the petitioners could have won their suits against the town due to a legal technicality, but in view of the fact that the land was taken and used for highway purposes, moral justice required the town to make some payment.

Club 85 Liquor License

On December 29, 1959, a suit was brought by Club 85 against the Selectmen and the Alcoholic Beverage Commission relative to action in revoking the club's liquor license. Since

the process was not served on the Board of Selectmen they did not appear in the suit. The Court ordered the Alcoholic Beverage Commission to grant a hearing to Club 85 on its appeal from the decision of the Selectmen in revoking its license in December, 1959. As a result, such a hearing was held and the Commission recommended that the Selectmen issue a 1960 license. From their failure to do so, Club 85 re-appealed to the Alcoholic Beverage Commission which held another hearing on December 22, 1960. As the result of this hearing the Commission ordered the Selectmen to restore the license. The Selectmen refused to do so. At the present time the Commission has not restored the license to Club 85.

Two suits brought in 1955 to recover for personal injuries and property damage sustained as a result of an alleged defect in a highway are still pending in Middlesex Superior Court.

In the latter part of 1959, there was filed a legislative bill which would authorize the town to take 400,000 gallons of water daily and without charge from the Hultman Aqueduct, so called. Despite vigorous pressure, the bill was not acted upon by the legislature, and was referred to the next annual session. This action was tantamount to defeat.

In 1960 another bill for the same purpose was filed. It is hoped that the legislature will take favorable action on this bill.

During the 1960 session of the legislature the Town Counsel and various other officers and citizens of the town attended legislative hearings relating to a bill which would authorize the town to adopt the town manager form of government. The legislature acted unfavorably upon this bill.

During 1960 a number of drainage easements were taken on behalf of the town.

Respectfully submitted,

ALFRED W. HOWES,
Town Counsel

REPORT OF BOARD OF HEALTH

To the Honorable Board of Selectmen
Southborough, Massachusetts

Gentlemen:

The Board of Health submits herewith a report of its work in 1960.

As has been the case in the past several years much of our work has been related to domestic sewage disposal plans incident to new building. In instances where substantial development was proposed on land draining to the reservoir the guidance of the State Board of Health's Division of Sanitary Engineering has been sought.

This year the immunization phase of the so-called Well-Child Conference of prior years and the Poliomyelitis Vaccination clinics were combined so that on June 4 free injections of triple antigen (D.P.T.) were offered to pre-school children, Poliomyelitis vaccine (Salk) was given to persons eligible under the extant State regulations, and candidates for the first grade were vaccinated against Smallpox. We propose to do the same in 1961.

The problem of odor from the waste disposal works of the Deerfoot Farms Co. (Hygrade) continues to receive our attention, and on December 14 two of our members met with representatives of the State Department of Public Health, the Metropolitan District Commission and the engineering firm engaged by Hygrade Food Products, Inc. Hygrade's engineers have collaborated with those of the State Department of Public Health to the extent that a solution appears to be in sight — that is, if certain proposals are complied with the odor from the beds should be substantially abated, the spray irrigation should be eliminated, and the effluent into Taylor Brook should be less noxious. A schedule for compliance to these proposals has been submitted by the State authorities.

This Board feels the schedule to be fair and will expect compliance. Should any delay develop responsible opinion will be sought as to further action necessary to clean up this chronic sore.

Communicable diseases reported for 1960 numbered 252.

Licenses issued in 1960 numbered 27.

Respectfully submitted,

TIMOTHY P. STONE, M.D., Chairman
RUTH GOODNOW, Secretary
JOHN A. BARTOLINI

REPORT OF THE HIGHWAY DEPARTMENT

To the Honorable Board of Selectmen
Town of Southborough, Massachusetts

Gentlemen:

I hereby submit my annual report for the year ending December 31, 1960.

The Town of Southboro having 58 miles of road, is operated with one Highway Superintendent, three (3) steady men and eight (8) pieces of equipment.

The labor dispute that occurred this summer, lasting three weeks, was temporarily settled with the co-operation of the Personnel Board. However, with the shut down we were still able to complete our work for the year.

All Chapter 81 work for 1960 was completed for the year which included the following work:

Cutting of brush, Oiling and Taring of all Chapter 81 roads.

The Contract of Chapter 90 Maintenance was completed on November 30, 1960. This included doing the following work:

Drainage, Oiling, Patching and Honeing on all 90 roads.

Installing a Hot Top gutter on the corner of Framingham Road and Boston Road—a distance of 700 feet.

New shoulders were put in on the west side of Framingham Road—a distance of 3,000 feet—4 feet wide.

Richards Road was re-built and re-surfaced from Cordaville Road to Atwood Road. The bank was graded, seeded down and drainage put in.

Drainage which was needed very badly was installed on the following roads and street:

Cordaville Road, Framingham Road, Wood Street, Moulton Road, Bryden Road, Southville Road and Atwood Road. A total of two thousand eight hundred thirty-seven

A dangerous curve on Sears Road was eliminated by cutting down 20 trees, widening and straightening out of the road.

Also a dangerous curve on Oregon Road was removed by widening and straightening of the road and the removal of ledge on both sides of the road.

On Northboro Road 12 Pine trees were cut down so that the view won't be obstructed.

The Contract on Chapter 90 Construction of Framingham Road for 1959 and 1960 was completed on August 13, 1960. The following work was done on this road:

The road was re-built and re-surfaced, a distance of 3,000 feet long and 32 feet wide. The road was raised 2 feet and the curve was cut back for a clearer view. A total of 60 trees were cut down and stumps removed. Also drainage was installed.

(2,837) feet, eight (8) drop inlets, eleven (11) manholes, eleven (11) catch basins, 1254 feet of 12 inch pipe, 1,155 feet of 18 inch pipe and 428 feet of 24 inch pipe.

The brook on Prentiss Street to Wood Street was cleaned, widened and graded. A distance of 4,000 feet. Also two (2) 16 foot bridges were built across the brook for use as a cross-over. ARTICLE 63.

The brook on Richards Road to Cordaville Road was cleaned, widened and graded, a distance of 2500 feet. Also two (2) 16 foot bridges were built across the brook for use as a crossover. ARTICLE 40.

Hillside Avenue was extended to the end—a distance of 300 feet long and 20 feet wide.

In the near future we hope to have better communications to extend to the townspeople from the Highway Department.

The reports of receipts and expenditures of the Highway Department will be found in the Town Accountant's Report.

At this time I wish to thank the Board of Selectmen, the faithful assistance of the personnel of the Highway Department and all other Town Departments for their co-operation during the past year.

Respectfully submitted,

LEO J. PESSINI,
Highway Superintendent

REPORT OF THE MODERATOR

January 14, 1961

To the Honorable Board of Selectmen:

Two reappointments were made to the Advisory Committee: Irvin McDonald Garfield, Jr. and Dr. Edwin A. Méservé, each term to expire in March 1963. On June 27th Willis D. Landon of Cordaville was appointed to the Advisory Committee to fill the vacancy caused by the resignation of Armando J. Pensalfini on June 1. Mr. Landon will serve through March 1961.

Ralph E. Gray of Stub Toe Lane was appointed to a three year term on the Personnel Board, said term to expire in March 1963. In June both David W. Aldrich and Alexander J. Slack resigned from the Board. Edward J. Phair was appointed to serve through March 1961 to fill the unexpired term of David Aldrich; and J. Franklin Millea appointed to finish the unexpired term of Alexander J. Slack. Mr. Millea will serve through March 1962.

At the direction of the Annual Meeting a committee consisting of Paul Henderson (chairman), Philip A. Harding and Roland A. Messier was appointed to consider what uses may be made of the old Peters High School. This committee has in turn asked Jack Hill to serve them in an advisory capacity.

Also at the direction of the Annual Meeting two other committees were appointed. One of these committees is charged with the responsibility to investigate further the purchase of emergency town generators for use both at the Central Street Fire Station and the Fayville Town Hall. Members of this committee are Homer Bates (chairman), Earl Smiddy and Erwin Smith. The other committee, appointed to investigate hazards such as quarries, pits, etc. consists of Walter Hutt (chairman), Joseph Blake and William Foley, Jr.

Finally, at the direction of the August 16, 1960 adjourned Special Town Meeting held on September 27 a committee of Alton B. Spurr (chairman), Philip C. Beals and F. J. Bosquet

was appointed to report to the next Annual Town Meeting on the best method of administering funds under the will of Francena E. Buck and accepted by the Town of Southboro.

Respectfully submitted,

EVERETT W. STEPHENS,
Town Moderator

Town of Southborough, Massachusetts

Gentlemen:

Herewith is presented the thirty-first annual report of the Board of Water Commissioners, for the year ending December 31, 1960.

Ten monthly meetings, five special meetings and numerous conferences with the engineering firm of Whitman & Howard on improvements to the Water System, were held.

At a Special Town Meeting held May 25, 1960, the Town voted to proceed with the construction of a new source of water supply together with connecting distribution mains and storage facilities. A sum of \$340,000.00 was Voted to finance the project.

The firm of Whitman & Howard, Inc., of Boston, Massachusetts, the Engineers who made the studies and report and proposed the work to be undertaken, proceeded with the design and preparation of specifications and drawings for the work.

The improvements in general, consist of the construction of a pumping station adjacent to the Metropolitan District Commission Hultman Aqueduct where it crosses Ward Road in the northwest corner of the Town. The water would be

pumped from the aqueduct through 12-inch mains in Ward Road and Main Street, connecting to the existing distribution system at its terminal point just west of Sears Road. A 12-inch main would also be installed in Lovers Lane, Flagg Road and new streets of a housing development being constructed west of Flagg Road, to a new 1,300,000 gallon reservoir.

Bids were opened on August 29, 1960, for the work consisting of furnishing and installing the 12-inch water mains. The low bidder was the firm of Carl E. Lindstrom of Holden, Massachusetts, with a bid of \$143,215.00 based on the estimated quantities of work to be done. The contract was awarded to this firm and the work under their contract is substantially completed.

The contract for supplying cast-iron fittings, was awarded to Hilco Supply, Inc., of South Sudbury, Massachusetts, as low bidder.

The contract for supplying hydrants, gate valves and gate boxes was awarded to H. R. Prescott & Sons, of Worcester, Massachusetts.

In conjunction with the connection to the Metropolitan District Commission Hultman Aqueduct it was necessary to enter into a new contract with the Metropolitan District Commission. Negotiations were completed and a new contract signed on November 30, 1960.

The proposals for furnishing the 1,300,000 gallon Steel Reservoir, were opened on January 23, 1961. The low bid for the Steel Reservoir, of \$53,950.00, was submitted by the Chicago Bridge & Iron Co., of Boston, Massachusetts.

On January 23, 1961, proposals for constructing a Pumping Station were opened. Apparent low bidders were Ed-Mac, Inc., Worcester, Mass., Joseph P. McCabe, Inc., South Boston, Mass. and Paul J. McCarthy, Southboro, Mass. All proposals were taken under consideration and the contract will be awarded within ten days.

REPORT OF CIVIL DEFENSE DIRECTOR

To the Honorable Board of Selectmen
Town of Southborough, Massachusetts

Gentlemen:

During the year 1960, one emergency arose which required the services of our local Civil Defense Organization; this occurred during the hurricane in September. The duties performed by our personnel, under the hazardous conditions as they existed, were most gratifying and enabled us to cope with the emergency and keep our losses at a minimum.

This year, various members again attended classes of instructions and/or meetings at Town, Sector, and Area levels, and also, they participated in State-Wide Alerts which were held for Civil Defense Personnel only.

I should like to take this opportunity to thank all Departments and citizens for the co-operation and support accorded this organization.

Respectfully submitted,

HOMER L. BATES,

Civil Defense Director

REPORT OF THE TOWN ACCOUNTANT

Year Ending December 31, 1960

To the Honorable Board of Selectmen,
Southboro, Mass.

I respectively submit the annual report of financial operations of the town as of December 31, 1960.

Attached hereto are the following statements and schedules:

- Balance sheet
- Debt statement
- Schedule of receipts
- Expenditures and balances
- Trust Funds
- Salary and wage schedule

Miscellaneous receipts received during the year 1960 totaled \$288,337.25 of which \$246,729.32 was appropriated by the Assessors and credited to the Revenue account to reduce the amount to be raised by taxation. The balance of \$41,607.93, together with \$12,549.22 representing unexpended balances of 1960 appropriations was transferred to Excess and Deficiency on December 31, 1960 which increased the balance of such account to \$140,410.06.

After deducting outstanding taxes of \$43,593.94 which had been credited to Excess and Deficiency in anticipation of collection and a reimbursement of \$192. due from the County Treasurer for destruction of dogs, the amount of free cash as at January 1, 1961 is \$96,624.12 which amount has been certified by the Massachusetts Department of Corporations and Taxation, Bureau of Accounts.

The amount of reimbursement due from the State and County for road construction and maintenance in 1960 is \$21,124.80 that will be credited to Excess and Deficiency on receipt.

I extend to you the Board of Selectmen, Town Officers and Department heads my sincere appreciation for the cooperation given me during the year.

Respectively yours,

FRED L. BAKER

Town Accountant

REPORT OF THE SCHOOL COMMITTEE

DISPOSITION OF PETERS HIGH SCHOOL

The School Committee is unanimously in favor of the demolition of Peters High School, if it is legally possible to do so. Steps are now being taken to determine if this can be done. Since Peters High has been abandoned as an active school building, the taxpayers of Southboro have been forced, by statutory requirements, to spend a considerable amount of money on insurance, heating and repairs for this building. As far back as 1950, The Harvard University Field Study Center reported to the Town that Peters High was obsolete stating "it is the opinion of the Survey Group that steps should be taken at the earliest possible moment leading to the abandonment of Peters High School." The architects and engineers who designed Algonquin Regional High School and the Woodward Memorial School as well as every School Building Study Committee, with one exception, have recommended the razing of this building and the inadvisability of renovating it.

WOODWARD MEMORIAL SCHOOL

The six room addition to the Woodward Memorial School is progressing on schedule. Barring any unforeseen circumstances, the school will be available for occupancy in September 1961.

In accordance with our long range planning program, the next addition in school facilities should be located in the Southville - Cordaville section of the town, inasmuch as the Census figures indicate the growing school population to be in that area.

Again, we bring to the attention of the citizens of Southboro that the facilities at Woodward School are available to all civic groups provided that there is no conflict with educational activities.

ADULT EDUCATION PROGRAM

It has been gratifying to note the participation of the Townspeople in this program under the direction of Mr. John Ball. There are approximately one hundred and fifty

residents from town in the program. The curriculum has been increased from twenty-two to twenty-seven courses.

READING PROGRAM

Another innovation instituted by the School Committee in order to advance our reading program will be the appointment of a Special Reading Teacher to assist children having reading difficulties. This will start September 1961.

INCREASE OF COMMITTEE MEMBERSHIP

In March of this year, your School Committee will be increased to five members. An article has been included in the Town Warrant requesting that the membership in the Algonquin Regional High School Committee be increased to include the five members from each town since we feel that the best interest of our town and schools will be better served with all local board members included in the Algonquin School Committee.

Again, we would like to bring to your attention the fact that our meetings are and always have been open to the public.

The Committee sincerely appreciates the cooperation and understanding extended by the citizens of Southboro and all school personnel.

Respectfully submitted,

**PAUL L. WILSON, Chairman
MARIANNE GEARY, Secretary
GEORGE COLEMAN**

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Committee and
Citizens of Southborough:

In this annual report for nineteen sixty mention will be made of several matters of community concern with regard to the public schools. Facts about our basic reading program and some planned improvements in it will, we hope, prove reassuring. Progress in curriculum construction will be reported. A few thoughts about the American philosophy of public education seem to be in order at a time when critics are urging imitation of foreign programs. Some reference to the Conant reports is indicated in relation to our planning at both junior and senior high school levels.

BASIC READING PROGRAM

We believe our reading program is a sound one. Our teachers are painstaking and skillful in carrying it out. The basic reading textbook series in use is published by the Scott Foresman Company and is generally considered the best in the field. We are reliably informed that this series is used by more public school systems in the United States than any other. We find it satisfactory and effective. The basic textbook series is reinforced and supplemented in the primary grades by special practice materials to develop strength in phonetic skills. The basic series, of course, places its greatest emphasis on meaning as it should. In the upper grades comprehension skills are strengthened by the use of "Language Laboratories" provided by Science Research Associates. Interest in the reading program in general, and reading for enjoyment in particular, is enhanced through our classroom library policy. Attractive story books are always at hand to encourage children in voluntary reading. Results are checked annually by the use of the Iowa Basic Skills Tests on or about June first. Results on these nationally standardized tests have consistently indicated the soundness of our program. Further strengthening should result from an improvement in special services to be provided beginning next September. At that time a special reading teacher will be available in all schools to provide intensive individualized instruction to

those children whose achievement in reading is not reasonably close to their indicated capacities. This new service should be very helpful to children having significant difficulty with reading.

CURRICULUM DEVELOPMENT

In September of nineteen hundred and sixty, the entire faculty embarked on a long-range project of developing and formalizing the curriculum for both the elementary unit and the junior high school group. As this study progresses, our faculty is comparing its thinking with curriculum progress elsewhere by means of careful analysis of formal curricula from outstanding school systems throughout the country. The curriculum study is a tedious and painstaking operation and will take several years to complete. The faculty study groups are organized under the leadership of their respective principals.

AMERICAN EDUCATIONAL PHILOSOPHY

As one reads from time to time some of the outspoken criticism of American public education, there emerges from these articles a demand for a type of education which "pushes the best and forgets the rest." This point of view has been typical for many years of certain foreign educational programs with which our American program has frequently been contrasted by critics. Let no one be in doubt, this is not the American approach. American free public schools have stood consistently for the democratic objective of developing the full potential of every American youth, rather than to concentrate on overdevelopment of an outstanding few talented students. We are proud to reaffirm this principle, but not too proud to recheck our own procedures to be sure that we are doing all that we can to give talented students the stimulation which they need for maximum growth and achievement. At the same time, we shall hold fast to our conviction that the average and the slow student merit, under our American program, the same measure of concern and effort as their more talented classmates.

THE CONANT REPORTS

The public schools of America are indeed fortunate that among distinguished men, outstanding in higher education, there is one who has cared deeply enough about the progress

of American public education to make a significant contribution to its welfare. James Bryant Conant has kept himself in full contact with the public education over the years, and has been sympathetic and understanding toward its problems and aware of its strengths. With rare understanding and clear vision, he has provided a standard of staple values with which American secondary schools may evaluate their programs. "The American High School Today" and "Education in the Junior High School Years" were done by Dr. Conant under a grant from the Carnegie Corporation. Our new Regional High School checks out closely with all but three or four of the twenty-one recommendations made in Dr. Conant's high school report. Similarly, the Conant junior high school report confirms the objectives which we are working toward in our reorganization of our own junior high school curriculum. It underscores the recognized need for a central junior high school library and also for guidance services for this age group. Introduction of a foreign language, by a bilingual teacher, in grade seven and eight for advanced groups is deemed to be desirable also. These three points comprise a platform for improvement in the near future in our junior high school program.

IN CONCLUSION

As ever, I would extend my appreciation to all who have helped the educational cause during the past year; interested citizens, School Committee, and all school employees.

Respectfully submitted,

ROGER K. POOLE,

Superintendent of Schools

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Committee and the Citizens of Northborough and Southborough:

Upon the completion of its first full year of operation, an analysis of strengths and weaknesses of the new school should be constructive in pointing the way to future development.

The plant itself and the basic site development, including athletic and parking facilities, seem to be fully adequate to meet all reasonable service demands presently foreseen. In general, the building appears well planned to meet the requirements of the educational program. No major oversights have yet appeared. Similarly, the skillful use of quality materials in construction will, we believe, result in relatively low long-range maintenance costs. No major trouble with the mechanical systems of the plant has been encountered to date. The equipment throughout the building is consistently of high quality and plentiful in quantity. Visitors' comment has consistently indicated that the physical plant is admirably related to educational needs.

High standards of personnel selection have been applied with visible results in staff performance. Administration of the school has been orderly and competent. Student discipline has been stable and relaxed, indicating a most cooperative student attitude and good administrative procedures. Custodial service has been of the highest caliber, efficient, eager, and cheerful. The School Committee has provided a faculty salary schedule which has made it possible to insist on strong teaching qualifications for appointment. Most vacancies have been filled by experienced teachers. Difficulty is being encountered in the fields of mathematics and science because of acute shortage of qualified teachers in these fields due to industrial competition. While the faculty is potentially very strong, its full effectiveness as a coordinated team will require time and persistent individual effort before it is realized.

It is too early to evaluate the effectiveness of the school's basic educational philosophy and program. We believe they are sound and that they will demonstrate their worth. In the meantime we believe it will be helpful to review here the main elements of the program in order that parents, in particular, may be fully informed of our objectives which follow:

1. Constant effort to meet the varying educational needs of all the youth in the community.
2. Slow learners encouraged to remain in school through high school graduation by means of "practical" sections designed for their needs.
3. Bright students challenged to maximum growth through "honors" sections in which the pace is fast and the standards unusually high.
4. A marking system which is objectively honest but which will stimulate maximum effort at all levels of ability.
5. Encouragement of self-discipline as the major control of student behavior.

6. Flexible scheduling of a wide diversity of course offerings to appeal strongly to individual interests of all students.
7. Adequately long instructional periods. One hour periods with fifteen minutes of supervised study included is our objective.
8. An increased academic load of five rather than four major courses as the standard for each student.
9. Class enrollments limited to maximums which permit adequate individual attention.
10. Controlled participation by all students in an interesting and balanced special activities program supplementing the academic curriculum.

A conservative evaluation of all aspects of the school indicate a fine plant and a hopeful program. Constant devotion to improvement, by all concerned, will be the price over the years ahead, of eventual outstanding performance. To this end we pledge our best efforts.

Respectfully submitted,

ROGER K. POOLE,

Superintendent

REPORT OF THE PRINCIPAL

Mr. Roger K. Poole
Superintendent of Schools
Northboro-Southboro Regional School District
Northboro, Massachusetts

Dear Mr. Poole:

I hereby submit my annual report for the year Nineteen Hundred and Sixty.

GRADUATION

On June Sixteenth, Nineteen Hundred and Sixty, diplomas were awarded to seventy-seven members of the Class of Nineteen Hundred and Sixty. Appropriate exercises were held in our school auditorium for the first class to be graduated from Algonquin Regional High School. A capacity audience of one thousand friends and relatives were in attendance.

Immediately after the auditorium program, the graduates adjourned to the outside courtyard where the reception line was formed. The facilities of our new plant enabled us to arrange a most impressive program.

SCHOLARSHIPS

At the graduation exercises, announcement was made of the appointment to the United States Military Academy at West Point for one of the graduates. The recipient was William Jackman.

Sixteen other scholarship awards were also presented. For the recipients, these scholarships have a potential value of \$26,300 during their four-year courses of study.

At this time it is with appreciation that we acknowledge scholarships sponsored by several of our own civic minded organizations.

- a. The Robinson Memorial Fund and the Choate Memorial Fund make annual awards of \$500 and \$50 respectively. These are available to residents of Southboro.
- b. Residents of Northboro were eligible to qualify for:
 1. Northboro Juvenile Grange award of \$50.
 2. Women's Club or Northboro award of \$100.
 3. Vincent F. Picard Post, American Legion award of \$100.
 4. Northboro National Bank award of \$200.
 5. Alumni Association of Northboro High School award of \$100.

For the above manifestations of local interest in the educational welfare of our youth, we are most appreciative.

ENROLLMENT

On September Seventh, Nineteen Hundred and Sixty, the Algonquin Regional High School began its second year of operation with an opening day registration of five hundred and sixteen students—three hundred and twenty-four from Northboro, and one hundred ninety-two from Southboro.

The above figures represent considerable increase in numbers as compared to Nineteen Hundred and Fifty-nine. Our projected enrollment for September, Nineteen Hundred and Sixty-one also indicates a registration in excess of six hundred students. The steady growth in size is indicated as follows:

Sept. 1959		Sept. 1960		Sept. 1961 (projected)
Seniors	82	Seniors	107	Seniors
Juniors	109	Juniors	113	Juniors
Sophomores	113	Sophomores	127	Sophomores

LIBRARY

A professionally trained school librarian is available on a full-time basis to assist students. With Librarian Frank Currie serving as advisor, the Library Service Club successfully sponsored two Book Fairs during the calendar year of Nineteen Hundred and Sixty.

CURRICULUM

The detailed structure of our curriculum guide is presently in the making. As a report of progress it might be added that we accept in principle that basic part of another school philosophy which has recently been printed widely. In part, it reads. * "We believe that the schools should make greater provision for differences of ability; every student should receive the greatest challenge and be held to the highest standards which his abilities warrant. Equal opportunity for all should

mean the best education for each level of ability, never the leveling down of all standards to bring them within reach of the most indifferent and least able."

*San Francisco Curriculum Survey Committee Report to the Board of Education.

To achieve its goal of meeting individual differences of need and ability, Algonquin offers:

18 Honors courses for advanced college preparation and high ability students.

81 Standard courses for students of normal ability.

13 Practical courses for students who experience difficulty in academic achievement.

Last year, fifteen courses at the Honors level were offered for an enrichment of study in the basic cultural areas.

CO-CURRICULAR PROGRAM

Slight modifications were made in the scheduling of our activities period this year. As a result thereof, it can be reported that the extra-curricular program is functioning at a rather satisfactory degree of efficiency.

Although we are still in the formative stages of development, remarkable progress has been made in the fields of: a) student government, b) academic achievement society, c) musicals, d) dramatics, e) science fairs, f) club organization, g) sports, and h) publications.

IN-SERVICE TRAINING

Weekly staff meetings are held on Mondays, at the conclusion of the regular school day. January, Nineteen Hundred and Sixty-three, has been fixed as a target date for the evaluation of Algonquin Regional High School by a committee of educators representing the New England Association of Secondary Schools and Colleges.

During the calendar year of Nineteen Hundred and Sixty-one, all staff members will be working on the formulation of a school philosophy, school and community surveys, and curriculum guides.

Nineteen Hundred and Sixty-two will be the year for self-evaluation, and the completion of follow-up reports, in preparation for the visiting committee in Nineteen Hundred and Sixty-three.

CONCLUSION

The plant, program, and personnel have been ideally provided for here at Algonquin. Academic atmosphere, school traditions, and institutional personality must be created. The student body and staff have accepted the challenge of these responsibilities. Their performances thus far have been commendable.

Respectfully submitted,

JAMES A. HIGGISTON,

Principal
